

Aimpoint® 5000 XD

Red Dot Reflex Sight

- The Aimpoint® 5000XD series was introduced to the hunting market in 1999 with improved diode brightness and battery life
- The XD diode aimed to meet the higher performance need among professional users interested in red dot sight as aiming device
- The 5000XD™ sight models were the first Aimpoint® red dot sights with 10 years of warranty

ITEM NO. 10125

PRODUCT OVERVIEW

More and more armies showed interest in Aimpoint sights and to meet their demands on LED intensity and battery life the so-called XD diode was developed.

The new diode increased the intensity by three times and the battery life by five times and was introduced in the hunting series of sights called Aimpoint 5000XD. At this time Aimpoint introduced its 10 years of warranty on all XD sights.
